

JAMES CALLAN GRANTED BOND

Well Known Texas Cattleman Held in Connection With Killing Stockman.

San Antonio, Tex., Nov. 15.—James Callan, a well known Texas cattleman, was granted bond of \$10,000, payable at El Paso, Tex., for his appearance Saturday at an examining trial in connection with the killing of T. R. Billings, a Naples, Nev., ranchman, near the Callan ranch, November 11.

Callan, 45 years old, was arrested after the killing of Billings, and is being held in the El Paso jail. He is being held in the El Paso jail.

Got 117 Eggs Instead of 3

Says One Subscriber

Any poultry raiser can easily double the egg production of his hens. A subscriber to the El Paso Herald has been successful in doubling the egg production of his flock and making them lay all the time. The subscriber has been successful in doubling the egg production of his flock and making them lay all the time. FIRST NATIONAL REFINERIES

Revolutionary System in Oil Refining and Gasoline Distribution

\$50 a Day Pay for Local Managers Throughout the Country

\$100 or More Invested Now May Mean a Great Fortune by Getting in at the Start With the Abner Davis System of First National Refineries.

The biggest idea developed in years for handling a refined product by the well known Abner Davis System, and Systematic.

Thousands of small investors may also share in the enormous profits to be made by the First National Refineries. The Abner Davis System is a revolutionary system in oil refining and gasoline distribution.

BIG EARNINGS

Standard Oil, Ford Motor, and the various other oil companies have taken a back seat compared to the Abner Davis System. The Abner Davis System is a revolutionary system in oil refining and gasoline distribution.

ONE MAN PLANT

The First National Refineries, a one man plant, is a revolutionary system in oil refining and gasoline distribution. The Abner Davis System is a revolutionary system in oil refining and gasoline distribution.

MAKING AND SELLING

To one man refinery is both a manufacturing plant and a retailing station. Crude oil is taken from the tank car in the morning and by noon the gasoline is in the tank car. The refined product is sold by the filling station directly from this little refinery.

TEACH OPERATION

The First National Refineries, the Abner Davis System, not only installs the plant and teaches a superintendent all the secrets of operation and business, but also delivers from the wells to the refinery, through their own tank car line, the crude oil, and delivers it to the filling station, and delivers it to the filling station, and delivers it to the filling station.

TRIPLE REFINING

This New Process gasoline is a higher grade gasoline than any other. It gives more miles and makes a better power. It is a "triple refined" high-powered gasoline.

THE FIRST NATIONAL REFINERIES
